

## **Minutes from 2/9/2014**

### **Note for new members**

In lieu of a meeting next week, we'll be gathering Monday night at 19:00 in the AU Library (RBD) for a technician test study session. If you're a new, unlicensed member, RSVP by this weekend (27 September) so we can know how many people to expect. Until then, study the [question pool](#) and do some [practice tests](#) so you'll know what you need more help with.

### **Club t-shirts**

- \$14.25 each
- Taking pre-orders now! Just email SueAnne how many you want, along with the size(s).
- The designs for the front and back are attached, and the shirts will be a dark grey color.

### **Atlanta Mini Maker Faire**

- 4th and 5th of October
- Tickets are free and can be reserved for one or both days.
- Club members will more than likely be carpooling over.
- ARRL will be there, along with many other groups.

- SueAnne Griffith, KK4UWV, AUARC Vice President
