General Notes

- T-shirts should be ready by next meeting, so bring your suggested donation of \$13 (if you're so inclined).
- The wiki has a cool, more organized look thanks to Chris's HTML skills. Make sure to check out the map of K4RY contacts around the world and see where all we've reached as a club. (https://wiki.eng.auburn.edu/k4ry/doku.php?id=qso_map)
- Speaking of maps, coming soon from Ben D.: a program that will take logged contacts and store their QTH on a map for you so you can see where all you've worked!
- No meeting next week! Go have some quality time with people you care about, and enjoy the break from classes.
